

ABOUT THE STATE

Happenings of Interest from Different Sections.

The Bellows Falls fire department is to have an auto fire truck.

Plans were submitted this afternoon to the trustees of the St. Albans hospital for a sun parlor, which will cost about \$1,300.

In Middlebury and vicinity there have been so many rainy days this season that haymakers have been inconvenienced considerably in getting in their hay.

By the will of the late Austin W. Fuller of Cambridge, Mass., formerly of this city, the St. Albans hospital and the Warner home in that city will each receive a bequest of \$1,000.

Only six arrests were made in Rutland during the month of July. One was charged with breach of the peace, one with violation of the traffic laws, two with failure to license a dog, and two for intoxication.

Dogs chased a four-year-old buck deer from Appleton point, near Burlington, so that it swam across the lake, a distance of four miles, to Crescent beach, and then died of exhaustion several hundred feet from shore.

Some months will elapse before Elmer Shumway of West Newbury will have the use of his left arm, the side of his shoulder having been cracked and a piece broken from the top when he fell from a load of hay and struck a ledge.

George Matton of Burlington, employed in the pickering room of the woolen mill at Winooski, Thursday, lost four of the fingers on his left hand, while operating a machine. He accidentally cut his hand under a knife that cut the fingers off.

The March term of Rutland county court cost \$7,269.97. This was much more than that of the average term, because of the long trial of the Eastman jewelry case and because the state recently raised the fee for jurors from \$2 to \$3 a day.

Internal injuries are feared in the case of Mrs. William Dabaw of Winooski, who was thrown over backward to the ground from a wagon when the horse ran away. The wagon seat was not fastened in and as the woman fell, she was badly hurt on the back.

An Abbott-Detroit roadster, bearing a Massachusetts number, 76013, went off the road near West Danville Thursday and dropped 20 feet, and 20 feet further on was a spot which showed where the driver had landed, but the car was not found. The car was still where it fell on Friday and the driver had disappeared.

Farmers in Ira have commenced digging their potatoes, although not fully grown, because of the big demand for the spuds. The price is high, 85 or 86 cents per peck. The crop seems to be excellent in that locality. Charlie Campbell, who has one of the largest potato fields thereabouts, has sold 250 bushels at \$2.50 a bushel.

Nelson Cadaret of Richmond, in his Scrip-Booth car, had barely time to get out when it caught fire from the explosion of the gasoline tank. The body of the car was entirely consumed.

Guy Albee and Bert Swett of East Hardwick have purchased 63 head of cattle for France. All were tested and only one condemned.

Rev. Harry R. Rudin of Rutland left today for San Francisco and from there will sail for China as a missionary. A farewell reception was tendered him, at which time he was presented \$50 in gold. Rev. Mr. Rudin, who is a graduate of Yale college, is to teach in Yale-in-China, a missionary school in Changsha, supported by Yale university.

Miss Mary Haynes, the new superintendent of the Mary Fletcher hospital in Burlington, assumed her duties yesterday. Miss Haynes was superintendent of the Randolph sanatorium for a year and for five years following held the same position at the Nathan Littauer hospital at Gloversville, N. Y. For three years she has been head of the public health department in the schools of St. Albans.

Miss Myrtle C. Wallace of Cambridge is the composer of many musical numbers, many of which have been played by famous bands and orchestras throughout the country, among them "The Yankee Division March," which was played at the parade of the 26th division in Boston. For her composition, "The Empire of Ireland," she received a pass to England from the Canadian officials and Sousa has commended her work.

John A. Stafford is confined to his bed in his home in Brattleboro as a result of being run into late Wednesday night by an automobile owned by Richard C. Averill and driven by Gilbert H. Kent, both of Brattleboro. He was riding home with a neighbor in the latter's car and another car was following. When he alighted, the horn on a car coming from the opposite direction, driven by Mr. Kent, was sounded, but Mr. Stafford thought the signal came from the car behind him and did not see the Averill car. Mr. Kent did his best to avoid striking Mr. Stafford, but the latter was thrown violently to the ground.

ENCAMPMENT AT COLUMBUS.

Special R. R. Rates for Those Going for Week of Sept. 7.

The next national G. A. R. encampment is to be held at Columbus, O., the week of Sept. 7, and members of the G. A. R. and their families, with members of the auxiliary organizations and their families eligible for attendance. The railroads have granted a fare of one cent a mile, traveled on the round trip, with the war tax added. The cost of a round-trip ticket by the shortest route from Rutland to Columbus and return will be \$14.18, plus \$1.13 war tax; total fare, \$15.31. Sleeping-car rates are from Albany, N. Y., to Columbus, \$3.50 for lower, \$2.50 for upper berth. Tickets will be good for 60 days and stop-overs are allowed. Tickets will be on sale from Aug. 15 to Sept. 8 and a different route may be chosen for the return trip, provided it is arranged for when the ticket is purchased.

Identification certificates, signed by a responsible official of the organization to which the purchaser belongs are required when buying tickets. These certificates can be obtained from D. L. Morgan, assistant adjutant general, Rutland, and should be applied for early.

The department commander and staff will leave Rutland on Sunday, Sept. 7, on 1:45 train, Rutland railroad, arriving at Albany, N. Y., at 5 p. m., staying overnight at Central railroad, leaving Albany at 7:50 p. m. and due to arrive at Columbus, Ohio, the next morning Monday at 7:45.

The 1:45 train from Rutland, No. 64, is the regular Montreal to New York train, leaving Burlington daily at 11:38 a. m., and has a connecting train on the Central Vermont railroad from St. Albans. It will be the most convenient train for comrades and others from the west side of the state and can be easily reached by autos from many towns on the east side. The department commander will be glad to have many comrades and members of the auxiliary organizations accompany him on this train on date mentioned.

Persons desiring sleeping-car accommodations should write early for reservations to F. T. Grant, general passenger agent, Rutland. If 25 Vermonts secure reservations a special sleeper will be assigned them. All persons planning to go to Columbus should notify the ticket agents at their home stations at an early date, to allow time for procuring and arranging tickets.

Department headquarters, also the Women's Relief corps headquarters, will be at the New Southern hotel, Columbus. Comrades and all others desiring rooms should write at once to above-named hotel or to Hon. James E. Campbell, chairman of executive committee, national encampment, Columbus, O., stating what they want for rooms and whether in private home or hotel.

Comrades having uniforms and badges are urged to wear them to the encampment.

The following aides have been appointed on the department commander's staff: H. P. Chase, Hooker post, No. 5, South Londonderry; W. L. Cady, W. P. Russell post, No. 50, Middlebury; E. L. Wells, Farnsworth post, No. 106, Lyndonville; F. H. Shepard, J. H. Bosworth post, No. 53, Fair Haven; J. H. Carrigan, Joyce post, No. 49, Poultry.

Because the hotels are likely to be crowded no one need hesitate to come to the encampment, as abundant and desirable accommodations for all visitors can be found in private homes. Clean and comfortable quarters for a great host have been provided. Such rooms will cost \$1 per day with a small additional charge for breakfast or other meals if desired. No pre-assignment can be made of this class of lodgings; but the committee on information has a full list of rooms and will take excellent care of all visitors upon their arrival in Columbus.

Columbus is unusually well provided with restaurants of all grades in addition to those in the hotels. Prices are reasonable; the food is palatable; and the service is neat and prompt.

Automobiles and boy scouts will be in attendance at the Union station to receive visitors and to escort them to the information and registration headquarters or to their hotels and lodgings.

AVAILABLE FOR AMERICANS.

Twenty-Five Fellowships in French Universities for Year 1919-20.

Twenty-five fellowships at French universities will be available in 1919-20 for American students, according to an announcement of the Society for American Fellowships, 567 5th avenue, New York City, just published by the bureau of education, department of the interior.

The fellowships will be of the value of \$1,000 a year for two years and will be open to properly qualified American citizens whether college graduates or with experience in industrial establishments in work requiring high technical skill. Applications must be sent in by September 1 and the awards will be made shortly after that date.

The official announcement of the society states that it has been organized by friends of French science and learning to "assist in establishing in the mind of the American public, the standing and repute of French scholarship."

"In order to readjust the true balance, which, for various reasons, has long existed in this country in favor of the German universities, it is proposed to encourage the development of a body of university scholars who by personal acquaintance with French achievements will be in a position to restore in all branches of American public opinion the just status of French science and learning and a better appreciation of the place of France in the leadership of the world. It is hoped by such means that the peoples of France and of the United States may come to know each other better, and to co-operate more and more in the realization of their common hopes and ambitions."

OFFERS HALL TO NATIVE TOWN.

Mrs. Kate C. Dutton Would Build It for Townshend.

Through the generosity of Mrs. Kate C. Dutton of Gainesville, Fla., the town of Townshend will again have a modern town hall. All the donor asks the town to do is to furnish the site. Townshend had the very great misfortune to lose its town hall in the disastrous fire which swept the east side of Main street on the night of May 3, 1918, when the Townshend inn and the residence of Dr. L. J. Parker also were destroyed. The town hall was a new and modern building, erected in 1910 at an expense of approximately \$8,000. The burning of the town hall was a very serious loss to the town, which certainly is to be congratulated in being the recipient of so generous a gift.

Mrs. Dutton, the donor, is the widow of Colonel Henry F. Dutton of Gainesville. She was born in Townshend, a daughter of L. H. and Marcia H. Cattan, and her early life was spent in Townshend. On May 22, 1864, she married Henry F. Dutton, then lieutenant colonel in the 8th Vermont regiment. The old Cattan homestead in Harmonyville for many years has been occupied by them as a summer home.

Colonel Dutton was born March 16, 1837, in Ludlow, (Vt.), and at the time of entering the service of his country was a teacher in Leland and Gray seminaries. He enlisted in Co. H, 8th Vermont regiment, and was commissioned captain Jan. 17, 1862, and rose to the rank of lieutenant colonel.

Mrs. Dutton has organized the following citizens of Townshend to assist her in carrying out her plans for the building: Finance committee, Charles S. Milne, Edgar H. Albee and Fred T. Randall. Building committee, John H. Ware, chairman, Edward B. Batchelder, Charles W. Cutler, Harry F. Howard and Henry C. Stratton.

A special town meeting has been called for Tuesday, Aug. 12, at 2 p. m., to see if the town will vote to purchase land to enlarge the site now owned by the town in order that the new hall may be placed at a greater distance from other buildings and thus lessen the danger from fire.

A DANGER TO VERMONT.

New Hampshire's Claim to Western Bank of Connecticut.

Few Vermonters realize that the state is in danger of losing thousands of acres of its best farming land and hundreds of thousands of dollars worth of its industries located along the western banks of the Connecticut river. But it is. If New Hampshire substantiates its claim that the extreme high water mark on the western side of the Connecticut river is the western boundary of that state, Vermont will lose a great amount of valuable territory and property. Not only will it lose valuable farming land and industrial plants but many miles of railroad that have always been taxed in Vermont.

The claim of New Hampshire is as damaging as the claims of New York in the early history of this state and should be contested as vigorously as the Green Mountain boys defended the rights and honor of New Hampshire in denying taxes upon this Vermont property to-day just as persistently as the New Yorkers undertook to levy tribute from the Vermont pioneers. Vermont is receiving taxes from the same property and if the New Hampshire claim is established the state of Vermont and the towns where the property is located will have to return many thousands of dollars to all interests taxable in New Hampshire.

New Hampshire is pushing its claim in the supreme court of the United States and the state of Vermont is defendant in the case. The case has been entered and commissioners appointed to take the evidence and prepare it for submission to the court. New Hampshire has had an attorney for three years digging out evidence in its behalf and getting ready to present it to the court. There is no knowing how soon she will demand hearings before the commissioners and the presentation of whatever evidence Vermont may have.

Vermont is represented in this crucial litigation by its attorney general, who happens at present to be a person entirely destitute of knowledge of this case. Furthermore, he is so busy with the other duties of his office he has no opportunity to study and prepare this case. It will be impossible for him to comply with the law and present the state in all the homicide cases coming before the courts, to prosecute the other criminal cases before the courts and give the necessary time to prepare this case before the supreme court.

The ablest attorney of Vermont could not properly investigate the federal, state, county and town records touching upon this matter in less than the two years' term of an attorney general, even if he should direct his whole time to the work. The attorney general certainly

IF ALL MOTHERS ONLY KNEW!

Thousands of Children Suffer from Worms and Their Mothers Do Not Know What the Trouble Is.

Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of children, loss of appetite and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on the tongue, starting during sleep, slow fever.

Mrs. H. N. Roberts, 502 Asylum street, Flint, Mich., used Dr. Tru's Elixir for her little baby girl who was sick. Mrs. Roberts wrote to Dr. Tru: "My little girl is cured of her worms." And in a later letter wrote: "Baby is fine, and I think it was your medicine (Dr. Tru's Elixir) that helped her." If your baby is ill, start giving Dr. Tru's Elixir at once. Write us freely about the case. No charge for correspondence. Buy Dr. Tru's Elixir at your drug store at once. Dr. J. F. Tru & Co., Auburn, Maine.—Ad.
